

**GEOLOGISTS OF JACKSON HOLE  
ANNUAL ELECTIONS AND BUSINESS MEETING  
NOVEMBER 16, 2016**

Members of the Geologists of Jackson Hole,

The results of our annual election and business meeting were concluded Wednesday. The GJH has a total of 220 voting units. If you are an individual member you get one vote. If you have a family or sustaining member you also get just one vote.

For the three board member candidate we had a total of 116 members vote (53%). All votes were in favor of the candidates, so congratulations to renewing Board members John Heberger, Jr., Steve Weichman, and new Board member Patrick Starich.

I am delighted at the large number of members that took the time to vote. 53% voting is the mark of an active organization.

Patrick will be taking over for our treasurer Erhard Bieber. The Board would like to thank Erhard for his service to the Geologists of Jackson Hole Board. He has been an active and creative member of your Board and a great Treasurer. We will miss him on the Board and wish him well.

The Board members, all the committees and volunteers will continue to work hard to meet our mission and provide the members and community with interesting programs.

John Willott
