

Geologists of Jackson Hole 2016 Program Calendar

v5.0

WEBSITE: geologistsofjacksonhole.org

C-confirmed P-proposed

DATE	PROGRAM TYPE	PLACE	TIME	SUBJECT	SPEAKER - LEADER
1/5	Public	TCLibrary	6-8 PM	Scotland: GofJH Field trip & the Geology!	John Willott, Mike Adler
1/19	Public	TCLibrary	6-8 PM	The sensitivity of mountain snowpacks: taking the pulse of a warming landscape	Sarah Godsey, ISU
1/20	Members	Museum	11:00 -0	What Drives Climate & a Look Into the Future, the Past	Mike Adler, John Guslander
2/2	Public	TCLibrary	6-8 PM	The Uninhabited Continent	Aaron Linsdau
2/16	Public	TCLibrary	6-8 PM	Creating a Digital Wonderland: Unlocking Yellowstone's History and Culture For a Mobile Device World	Yolonda Youngs, ISU
2/17	Members	Museum	11:00 -1	Braided Channels and Lost Oars: Exploring the History of Commercial River Runners on the Snake River through Grand Teton National Park	Yolonda Youngs, ISU
3/1	Public	TCLibrary	6-8 PM	The Response of Arctic Landscapes to Warming	Ben Crosby, ISU
3/3	Members	Field Trip By Nature Gallery	2PM-4PM	A personal and guided tour of the wonderful minerals and fossils at The By Nature Gallery	Kelly, Joe and Mike Scher
3/15	Public	TCLibrary	6-8 PM	Wyoming Paleontology: Fossils that inspired a Nation	Laura Vietti, UW
3/16	Members	Museum	11:00 -1	Looking Back into the "Oil-Biz" in the mid 20th Century	Pierre Marechal
4/5	Public	TCLibrary	6-8 PM	How the Rockies rose from the sea: crustal-scale seismic data and structural modeling from the NSF-funded Bighorn Project	Eric Erslev, UW/CO St
4/19	Public	TCLibrary	6-8 PM	Using Fossil Leaves to Estimate Early Eocene Climate of Fossil Basin (Green River Formation), Wyoming.	Arvid Aase, Fossil Butte NM
4/20	Members	Museum	11:00 -1	The true physics of flight	Dave Anderson
5/3	Public	TCLibrary	6-8 PM	Jackson's 2017, Aug 21 Total Solar Eclipse	Weil & Singer
5/17	Public	TCLibrary	6-8 PM	Caves, Caving and the Death of Floyd Collins	Paul Heller, UW
5/18	Members	Museum	11:00 -1	Timing and magnitude of Mountain and Mantle Uplift during the Laramide Orogeny	Paul Heller, UW
6/7	Public	TCLibrary	6-8 PM	Granitic pegmatites - formation and mining	Mark Jacobson, retired Chevron
6/21	Public	TCLibrary	6-8 PM	Lakes and Shakes: reconstructing the paleoseismic activity of the Teton Fault using lake sediments at Grand Teton National Park	Darren Larsen, Univ. Pitt.
6/22	Members	Museum	11:00 -1	Ditto to above, in more depth & details	Darren Larsen, Univ. Pitt.
7/5	Public	TCLibrary	6-8 PM	Fossil crinoids from the ancient oceans of the Tetons	Forest Gahn, BYU, Rexburg
7/19	Public	TCLibrary	6-8 PM	The Greater Caucasus Mountains: A Natural Laboratory for Understanding the Initiation of Continental Collision	Nathan Niemi, Umich.
7/20	Members	Museum	11:00 -1	on the Geological Society of America	Jack Hess, GSA Pres
7-22&2	Members	Field Trip	3 day	Exploring the Eocene of the Green River Basin	Ron Surdam
8/2	Public	TCLibrary	6-8 PM	Snowfall patterns across the Greenland Ice Sheet: Greenland TRaverse for Accumulation and Climate Studies	HP Marshall, Tate Meehan, Forrest McCarthy, Boise St.
8/6	Members	OWSchoolhouse		Members BBQ!!! 5pm until.....	Members
8/17	Public	TCLibrary	6-8 PM	Mount St. Helens & Other Volcanoes of the Cascadia Subduction Zone	Bob Tilling, USGS
9/6	Public	TCLibrary	6-8 PM	The Burgess Shale: The 2014 Marble Canyon Expedition through the eyes of a quarry hand	Arvid Aase, Fossil Butte NM
9/20	Public	TCLibrary	6-8 PM	Satellites how they are made, launched and how they help us interpret our world	Brent Shaffer
9/21	Members	Whole Grocer	11:00 -1	Antarctica: A lifetime's adventure	Bob Rutford, UT Dallas emeritus
10/4	Public	TCLibrary	6-8 PM	Iceland: The Mid-Atlantic Ridge Exposed!	Mike Adler
10/8&	Members	Field Trip	2 Days	Snake River Plain Volcanics	KobsNowatniak / Scott
10/18	Public	TCLibrary	6-8 PM	Sedimentology Frontiers from Earth to Mars: Dunes, Deformation, and Diagenesis	Margie Chan
10/19	Members	Museum	11:00 -1	Hot Topics & Mysteries in Sedimentary Geology	Margie Chan
11/1	Public	TCLibrary	6-8 PM	The Survey of the 1899 USGS Grand Teton Quad	Todd Cedarholm
11/15	Public	TCLibrary	6-8 PM	Craters of the Moon National Monument & its Amazing Geologic Story	Doug Owens
11/16	Members	Museum	11:00 -1	Extraordinary in the Ordinary, the Hubble telescope, great images, incredible science	Sam Singer
